

Non-UCITS retail scheme Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

F&C MM Lifestyle Defensive Fund

Share Class: B Inc, a Fund of F&C MM Lifestyle Investment Funds ICVC (ISIN GB00B4YQGY73). This Fund is managed by F&C Fund Management Ltd.

Objectives and investment policy

The objective is to provide capital growth.

The Manager seeks to achieve this by investing mainly in a portfolio of shares in other authorised and recognised collective investment schemes including securities companies and money market schemes covering a wide spread of UK and international equity and fixed interest assets including an element of currency exposure.

The MM Lifestyle Funds are managed to maintain a consistent risk profile so the underlying investment exposures correspond to a pre-determined Investor Profile based on appetites for risk classified from 3 (lowest) to 7 (highest). MM Lifestyle Defensive Fund is intended to correspond to Profile 4. These profiles do not correspond to the SRR1 categories below.

The target asset sub-class allocations for MM Lifestyle Defensive Fund are: UK Equities 19%, European Equities 4%, North American Equities 10%, Japanese Equities 4%, Asia Pacific Ex Japan Equities 4%, UK Property 8%, UK Gilts 8%, UK Index Linked Gilts 5%, UK Corporate Bonds 24%, Global High Yield Bonds 6%, International Bonds 3%, Cash (GBP) 5%. The Manager may tilt the underlying investment exposure +/-5% from the target allocations to accommodate different investment styles provided it maintains the overall risk profile relative to the other MM Lifestyle Funds.

Schemes will be selected mainly from other managers although schemes managed by F&C and Thames River may be included from time to time.

While the Manager will invest mainly in collective investment schemes, it may also invest in other investments such as derivatives (an investment contract between the Fund and a counterparty the value of which is derived from one or more underlying assets) to increase, maintain and reduce its investment exposures as well as to manage the portfolio efficiently.

Income generated by the Fund will be distributed six monthly.

Investors may undertake a formal assessment of their attitude to risk to confirm the suitability of the Fund for their purposes.

There is no minimum holding period for this Fund.

You may buy or sell shares daily on demand (but not weekends or UK bank holidays or other days when the Fund is not open for dealing). Orders to buy or sell must be received by 12 noon (UK time) to receive the price calculated at that day's valuation point.

Risk and reward profile

The Risk and Reward Indicator table demonstrates where the Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is based on past data, may change over time and may not be a reliable indication of the future risk profile of the Fund. The shaded area in the table below shows the Fund's ranking on the Risk and Reward Indicator.

Historical data may not be a reliable indicator of the Fund's future risk and reward profile. The risk category shown is not guaranteed and may change over time. The lowest category does not mean 'risk free'. The value of your investment may fall as well as rise.

The category is based on the rate at which the value of the investments held by the Fund have moved up and down in the past.

The indicator does not adequately reflect the following risks of investing in particular assets, which may impact on future investment return:

Derivative Risk: derivative values rise and fall at a greater rate than equities and debt instruments. Losses can be greater than the initial investment.

Liquidity Risk: the ability to buy and sell assets at a favourable price may be affected by a low level of counterparties willing to enter into a transaction with the Fund.

Smaller Companies Risk: smaller companies carry a higher degree of risk and their value can be more sensitive to market movement.

Currency Risk: your investment may be adversely affected by changes in currency exchange rates.

Fixed Interest Securities Risk: changes in interest rates can affect the values of fixed interest holdings.

Emerging Markets Risk: this Fund invests in emerging markets which are less developed and have additional legal and political risks.

Credit Risk: receiving income or capital due from debt instruments is dependant on the provider's ability to pay.

Property Risk: the value of such securities is likely to reflect valuations of property assets as determined by professional valuers. Such valuations are the opinion of the valuer at a particular time, may not be supported by recent transactions and a liable to revision, up or down.

Specified Asset Allocation Risk: the ability of the manager to alter the composition of the portfolio is restricted by the need to remain within the specified asset allocation.

Leverage Risk: the use of derivatives to increase the exposure of the Fund to the market through either long or short positions will make the value of the Fund's investments more volatile than those of an unleveraged fund.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	0.00%
Exit charge	0.00%

These are the maximum charges that we might take out of your money before it is invested and before we pay out the sale proceeds of your investment. In some cases, you might pay less and you should speak to your financial adviser about this.

Charges taken from the Fund over a year

Ongoing charges	1.07%
-----------------	-------

Charges taken from the Fund under specific conditions

Performance fee	NONE
-----------------	------

The ongoing charges figure is based on the last year's expenses and may vary from year to year. It excludes the costs of buying or selling assets for the Fund (unless these assets are shares of another fund).

The ongoing charges figure is at 31/12/2016

It excludes:

- Performance fees
- Portfolio transaction costs, except in the case of an entry/exit charge paid by the NURS when buying or selling units in another collective investment undertaking.

For more information about charges, please see the section entitled Fees and Expenses in the Fund's prospectus, which is available at www.bmogam.com.

Past performance

You should be aware that past performance is not a guide to future performance.

Fund launch date: 30/03/2007.

Share/unit class launch date: 28/07/2009.

Performance is calculated in GBP.

The chart shows how much the Fund increased or decreased in value as a percentage in each year, net of charges (excluding entry charge), and net of tax.

Fund Information

What are the Funds' investment objectives and policies?

The Funds will have their assets invested in accordance with the investment objectives and policies as detailed below.

FP Verbatim Portfolio 3 Fund

A sub-fund of FP Verbatim Funds, managed by Liontrust Investment Partners LLP.

The FP Verbatim Portfolio 3 Fund will be either a 'Bond' fund or an 'Equity' Fund depending on the balance of its investments in the relevant accounting period.

What is the Fund's investment objective and policy?

The Fund will use a broadly defensive investment strategy with the aim of achieving capital growth over the medium to longer term.

The Fund will seek to achieve its objective through investment in collective investment schemes (regulated and unregulated) as well as directly held transferable securities, derivatives, cash, deposits, warrants and money market instruments. Investment may be made globally but foreign currency exposure through non UK investments may be hedged back into Sterling.

The Fund may also gain exposure (directly and indirectly) to alternatives, including but not limited to, property, commodities, hedge funds, private equity, infrastructure and loans, through investment in collective investment schemes and transferable securities.

Use may also be made of stock lending, borrowing, cash holdings and derivatives. It is intended that derivatives will be used for investment purposes as well as for efficient portfolio management but the ACD does not anticipate that such use of derivatives will have any significant adverse effect on the risk profile of the Fund. In particularly volatile markets, the Manager may temporarily hold more than 10% in cash provided it is in accordance with the investment objective of the Fund. As the Manager has the discretion to borrow up to 10% of the value of the property of the Fund, this facility may be used to help manage liquidity.

FP Verbatim Portfolio 4 Fund

An equity sub-fund of FP Verbatim Funds, managed by Liontrust Investment Partners LLP.

What is the Fund's investment objective and policy?

The Fund will use a broadly cautious managed investment strategy with the aim of achieving capital growth over the medium to longer term.

The Fund will seek to achieve its objective through investment in collective investment schemes (regulated and unregulated) as well as directly held transferable securities, derivatives, cash, deposits, warrants and money market instruments. Investment may be made globally but foreign currency exposure through non UK investments may be hedged back into Sterling.

The Fund may also gain exposure (directly and indirectly) to alternatives, including but not limited to, property, commodities, hedge funds, private equity, infrastructure and loans, through investment in collective investment schemes and transferable securities.

Use may also be made of stock lending, borrowing, cash holdings and derivatives. It is intended that derivatives may be used for investment purposes as well as for efficient portfolio management but the ACD does not anticipate that such use of derivatives will have any significant adverse effect on the risk profile of the Fund. In particularly volatile markets, the Manager may temporarily hold more than 10% in cash provided it is in accordance with the investment objective of the Fund. As the Manager has the discretion to borrow up to 10% of the value of the property of the Fund, this facility may be used to help manage liquidity.

FP Verbatim Portfolio 5 Income Fund

An equity sub-fund of FP Verbatim Funds, managed by Sarasin & Partners LLP.

What is the Fund's investment objective and policy?

The Fund will use a broadly cautious balanced investment strategy with the aim of achieving income with some potential for capital growth over the medium to longer term.

The Fund will seek to achieve its objective through investment in collective investment schemes (regulated and unregulated) as well as directly held transferable securities, derivatives, cash, deposits, warrants and money market instruments. Investment may be made globally but foreign currency exposure through non UK investments may be hedged back into Sterling.

The Fund may also gain exposure (directly and indirectly) to alternatives, including but not limited to, property, commodities, hedge funds, private equity, infrastructure and loans, through investment in collective investment schemes and transferable securities.

The equity element of the portfolio will have a bias towards stocks generating a high and sustainable income.

Use may also be made of stock lending, borrowing, cash holdings and derivatives. It is intended that derivatives may be used for investment purposes as well as for efficient portfolio management but the ACD does not anticipate that such use of derivatives will have any significant adverse effect on the risk profile of the Fund. In particularly volatile markets, the Manager may temporarily hold more than 10% in cash provided it is in accordance with the investment objective of the Fund. As the Manager has the discretion to borrow up to 10% of the value of the property of the Fund, this facility may be used to help manage liquidity.

FP Verbatim Portfolio 5 Growth Fund

An equity sub-fund of FP Verbatim Funds, managed by Liontrust Investment Partners LLP.

What is the Fund's investment objective and policy?

The Fund will use a broadly cautious balanced strategy with the aim of achieving capital growth over the medium to longer term.

The Fund will seek to achieve its objective through investment in collective investment schemes (regulated and unregulated) as well as directly held transferable securities, derivatives, cash, deposits, warrants and money market instruments. Investment may be made globally but foreign currency exposure through non UK investments may be hedged back into Sterling.

The Fund may also gain exposure (directly and indirectly) to alternatives, including but not limited to, property, commodities, hedge funds, private equity,

infrastructure and loans, through investment in collective investment schemes and transferable securities.

Use may also be made of stock lending, borrowing, cash holdings and derivatives. It is intended that derivatives will be used for investment purposes as well as for efficient portfolio management but the ACD does not anticipate that such use of derivatives will have any significant adverse effect on the risk profile of the Fund. In particularly volatile markets, the Manager may temporarily hold more than 10% in cash provided it is in accordance with the investment objective of the Fund. As the Manager has the discretion to borrow up to 10% of the value of the property of the Fund, this facility may be used to help manage liquidity.

FP Verbatim Portfolio 6 Fund

An equity sub-fund of FP Verbatim Funds, managed by Liontrust Investment Partners LLP.

What is the Fund's investment objective and policy?

The Fund will use a broadly balanced investment strategy with the aim of achieving capital growth over the medium to longer term.

The Fund will seek to achieve its objective through investment in collective investment schemes (regulated and unregulated) as well as directly held transferable securities, derivatives, cash, deposits, warrants and money market instruments. Use may also be made of stock lending, borrowing, cash holdings and derivatives. It is intended that derivatives will be used for investment purposes as well as for efficient portfolio management but the ACD does not anticipate that such use of derivatives will have any significant adverse effect on the risk profile of the Fund. In particularly volatile markets, the Manager may temporarily hold more than 10% in cash provided it is in accordance with the investment objective of the Fund. As

the Manager has the discretion to borrow up to 10% of the value of the property of the Fund, this facility may be used to help manage liquidity.

FP Verbatim Portfolio 7 Fund

An equity sub-fund of FP Verbatim Funds, managed by Liontrust Investment Partners LLP.

What is the Fund’s investment objective and policy?

The Fund will use a broadly growth investment strategy with the aim of achieving capital growth over the medium to longer term.

The Fund will seek to achieve its objective through investment in collective investment schemes (regulated and unregulated) as well as directly held transferable securities, derivatives, cash, deposits, warrants and money market instruments. Investment may be made globally but foreign currency exposure through non UK investments may be hedged back into Sterling.

As the Manager has the discretion to borrow up to 10% of the value of the property of the Fund, this facility may be used to help manage liquidity.

What is the profile of the typical investor the Funds are designed for?

The Funds are marketable to both retail and institutional investors investing in the medium term and seeking to match a specific profile as follows:

Fund Name	Type of Investor	Description of Investors
FP Verbatim Portfolio 3 Fund	Cautious	A Cautious Investor is looking for an investment where the return should be slightly better than that available from a high street deposit account and accept that the value of the investment could fall as well as rise. They would feel uncomfortable however if their investments were to rise and fall in value very rapidly.
FP Verbatim Portfolio 4 Fund	Balanced	A Balanced Investor is looking for a balance of risk and reward, seeking higher returns than those available from a high street deposit account and willing to accept a certain amount of fluctuation in the value of their investments as a result. However, they would feel uncomfortable if their investments were to fall in value significantly in one year.
FP Verbatim Portfolio 5 Income Fund	Balanced	A Balanced Investor is looking for a balance of risk and reward, seeking higher returns than those available from a high street deposit account and willing to accept a certain amount of fluctuation in the value of their investments as a result. However, they would feel uncomfortable if their investments were to fall in value significantly in one year. This fund may be suitable for those investors seeking some income.
FP Verbatim Portfolio 5 Growth Fund	Balanced	A Balanced Investor is looking for a balance of risk and reward, seeking higher returns than those available from a high street deposit account and willing to accept a certain amount of fluctuation in the value of their investments as a result. However, they would feel uncomfortable if their investments were to fall in value significantly in one year.

FP Verbatim Portfolio 6 Fund	Balanced	A Balanced Investor is looking for a balance of risk and reward, seeking higher returns than those available from a high street deposit account and willing to accept a certain amount of fluctuation in the value of their investments as a result. However, they would feel uncomfortable if their investments were to fall in value significantly in one year.
FP Verbatim Portfolio 7 Fund	Motivated	A Motivated Investor is willing to accept a higher level of risk on their investment, in return for, higher returns in the long run. They are willing to accept a good amount of fluctuation in the value of their investments as a result. They would feel comfortable if their investments fell in value more than one quarter in one year and would see this as a time to ride out the storm rather than a time to purchase more.

Risk Factors

What are the Funds' general risk factors?

We recommend that you contact a financial adviser if you are in any doubt about the suitability of an investment in any Fund, or if you are not confident that you fully understand the risks involved.

Further details of the investment risks may be found in the Prospectus.

Market risk – The investments of the Company are subject to normal market fluctuations and other risks inherent in investing in securities. There can be no assurance that any appreciation in the value of investments will occur. The value of investments and the income derived from them may fall as well as rise and investors may not recoup the original amount they invest in the Company. There is no certainty that the investment objective of any Fund will actually be achieved and no warranty or representation is given to this effect. Past performance is no guide to the future.

Effect of initial charge or redemption charge -

Where an initial charge or redemption charge is imposed, an investor who realises his shares after a short period may not (even in the absence of a fall in the value of the relevant investments) realise the amount originally invested.

In particular, where a redemption charge is payable, investors should note that the percentage rate at which the redemption charge is calculated is based on the market value rather than the initial value of the shares. If the market value of the shares has increased the redemption charge will show a corresponding increase.

Currently there is no redemption charge levied on shares.

The shares therefore should be viewed as medium to long term investments.

Dilution adjustment - Investors should note that in certain circumstances a dilution adjustment may be applied to the price payable on the purchase or redemption of their shares. Where dilution adjustment is not applied the Fund in question may incur dilution which may constrain capital growth.

Charges to Capital - Where the investment objective of a Fund is to treat the generation of income as a higher priority than capital growth, or the generation of income and capital growth have equal priority, all or part of the ACD's fee and other expenses may be charged against capital instead of against income. This treatment of the ACD's fee and other expenses will increase the amount of income (which may be taxable) available for distribution to Shareholders in the Fund concerned but may constrain capital growth. At present the FP Verbatim Portfolio 5 Income Fund deducts expenses from capital. The rest of the fund range currently deducts from income.

Suspension of dealings in shares - Investors are reminded that in certain circumstances their right to redeem shares (including a redemption by way of switching) may be suspended.

Pricing and liquidity - Where a Fund has exposure to alternative asset classes (including property) there is a risk that the price at which an asset is valued may not be

realisable in the event of sale. This could be due to a mis-estimation of the asset's value or due to a lack of liquidity in the relevant market. As a result, at times, the ACD may have to delay acting on instructions to sell investments, and the proceeds on redemption may be materially less than the value implied by the Fund's price.

Liabilities of the Company - Under the OEIC Regulations, each Fund is a segregated portfolio of assets and those assets can only be used to meet the liabilities of, or claims against, that Fund. Whilst the provisions of the OEIC Regulations provide for segregated liability between Funds, the concept of segregated liability is relatively new. Accordingly, where claims are brought by local creditors in foreign courts or under foreign law contracts, it is not yet known whether a foreign court would give effect to the segregated liability and cross-investment provisions contained in the OEIC Regulations. Therefore, it is not possible to be certain that the assets of a Fund will always be completely insulated from the liabilities of another Fund of the Company in every circumstance.

Professional Liability Risks - As the Company is an 'Alternative Investment Fund' for the purposes of the Alternative Investment Fund Managers Directive ("AIFMD"), the ACD is required to ensure that certain Professional Liability Risks are covered at all times, either through additional own funds and/or through appropriate coverage of professional indemnity insurance. The ACD satisfies its obligations to cover Professional Liability Risks in relation to the Company by: (a) holding professional indemnity insurance (in accordance with the Regulations) and maintaining an amount of own funds to meet the capital requirements under the AIFMD; and (b) complying with the qualitative requirements in the AIFMD that address professional liability risks.

Currency exchange rates - Currency fluctuations may adversely affect the value of a Fund's investments and, depending on an investor's currency of reference, currency fluctuations may adversely affect the value of his investment in shares.

Emerging markets - Investments in emerging markets may be more volatile than investments in more developed markets. Some of these markets may have relatively unstable governments,

economies based on only a few industries and securities markets that trade only a limited number of securities. Many emerging markets do not have well developed regulatory systems and disclosure standards may be less stringent than those of developed markets.

The risks of expropriation, nationalisation and social, political and economic instability are greater in emerging markets than in more developed markets. The following is a brief summary of some of the more common risks associated with emerging markets investment:

- **Fraudulent securities** - Given the lack of a regulatory structure it is possible that securities in which investments are made may be found to be fraudulent. As a result, it is possible that loss may be suffered.
- **Lack of liquidity** - The accumulation and disposal of holdings may be more expensive, time consuming and generally more difficult than in more developed markets. Also, due to the lack of liquidity, volatility may be higher. Many emerging markets are small, have low trading volumes, low liquidity and significant price volatility.
- **Currency fluctuations** - Where a Fund makes investments, which are denominated in a currency other than the base currency of that Fund, there may be a significant change in the relative value of the investments' currency against the base currency. These changes may impact the total return of the Fund to a significant degree. In respect of currencies of certain emerging countries, it is not possible to undertake currency hedging techniques.
- **Settlement and custody risks** - Settlement and custody systems in emerging markets are not as well developed as those in developed markets. Standards may not be as high and supervisory and regulatory authorities not as sophisticated. As a result there may be risks that settlement may be delayed and that cash or securities could be disadvantaged.
- **Investment and remittance restrictions** - In some cases, emerging markets may restrict the

access of foreign investors to securities. As a result, certain equity securities may not always be available to a Fund because the maximum permitted number of or investment by foreign shareholders has been reached. In addition, the outward remittance by foreign investors of their share of net profits, capital and dividends may be restricted or require governmental approval. The Company will only invest in markets in which it believes these restrictions to be acceptable. However, there can be no guarantee that additional restrictions will not be imposed.

- **Accounting** – Accounting, auditing and financial reporting standards, practices and disclosure requirements applicable to companies in emerging markets differ from those applicable in more developed markets in respect of the nature, quality and timeliness of the information disclosed to investors and, accordingly, investment possibilities may be difficult to properly assess.

Smaller companies - Funds investing in smaller companies invest in transferable securities which may be less liquid than the securities of larger companies, as a result of inadequate trading volume or restrictions on trading. Securities in smaller companies may possess greater potential for capital appreciation, but also involve risks, such as limited product lines, markets and financial or managerial resources and trading in such securities may be subject to more abrupt price movements than trading in the securities of larger companies.

Sub investment grade bonds - The Funds may hold sub-investment grade bonds. Such bonds have a lower credit rating than investment grade bonds and carry a higher degree of risk.

Overseas bonds and currencies - From time to time, a Fund may invest in overseas bonds and currencies. These markets may respond to different influences to those that affect the underlying funds and accordingly carry a higher degree of risk.

Performance risk -There will be a variation in performance between Funds with similar objectives due to the different assets selected. The degree of investment risk depends on the risk profile of the Fund

chosen.

Inflation Risk - Inflation will, over time, reduce the value of your investments in real terms.

Counterparty Risk - If a Fund enters into a derivative contract it will be exposed to the credit of the other party (usually referred to as ‘counterparty’) and their ability to wholly or partly satisfy the terms of the contract.

In the event of a bankruptcy or insolvency of a counterparty, a Fund could experience delays in liquidating the position and may incur significant losses. The ACD may use one or more counterparties to undertake derivative transactions on behalf of a Fund and may be required to pledge a Fund’s assets as collateral against these transactions. There may be a risk that a counterparty will be unable to meet its obligations with regards to the return of the collateral and may not meet other payments due to a Fund.

Derivatives for efficient portfolio management - Derivative instruments may be used in the Funds for the purposes of Efficient Portfolio Management (EPM).

The use of derivatives for EPM should not lead to an increase in risk to the Funds.

Derivatives – techniques - The COLL Sourcebook permits the ACD to use certain techniques when investing in derivatives in order to manage a Fund’s exposure to particular counterparties and in relation to the use of collateral to reduce overall exposure to over-the-counter (“OTC”) derivatives; for example a Fund may take collateral from counterparties with whom they have an OTC derivative position and use that collateral to net off against the exposure they have to the counterparty under that OTC derivative position, for the purposes of complying with counterparty spread limits. The COLL Sourcebook also permits a Fund to use derivatives to effectively short sell (agree to deliver the relevant asset without holding it in the scheme) under certain conditions.

Derivatives will be used in the Funds for the purposes of investment and the Net Asset Value of the Funds may at times be volatile (in the absence of compensating investment techniques). However, it is the ACD’s intention that the Funds will not have volatility over the general market volatility of the markets of each Fund’s underlying investments

owing to the use of the derivatives and/or forward transactions in the pursuit of its objectives. It is not the ACD's intention that the use of derivatives and forward transactions in the pursuit of a Fund's objective will cause its risk profile to change.

What specific risk factors affect the Funds?

Specific risks relating to these Funds are as follows:

Non-UCITS Retail Schemes (NURS) – The Company and the Funds are classed as NURS for the purposes of the rules in the FCA Handbook. Such funds can have wider investment and borrowing powers than UCITS schemes with higher investment limits in various areas. They can also invest to a greater extent in areas such as property and unregulated schemes and have the option to borrow on a permanent basis. Such additional powers can increase potential reward, but may also increase risk.

Investing in other collective investment schemes - Each Fund may invest in other regulated collective investment schemes. As an investor of another collective investment scheme, a Fund will bear, along with the other investors, its portion of the expenses of the other collective investment scheme, including management, performance and/or other fees. These fees will be in addition to the management fees and other expenses which a Fund bears directly with its own operations.

Unregulated Collective Investment Schemes - A Fund may invest, in total no more than 20% of the Scheme Property, in unregulated collective investment schemes which are generally considered to be a higher risk than investment in regulated schemes. An unregulated collective investment scheme is unlikely to be subject to regulations which govern how they are managed. For example, they can utilise higher risk investment techniques, they may borrow to invest, they can suspend calculation of net asset value preventing redemption or otherwise limit redemption, they may not adhere to internationally recognised accounting standards and functions such as pricing and custody may not be subject to any rules.

A Fund may also invest in unregulated collective investment schemes which are valued less frequently than the investing Fund. As a result, there is a risk that any market movements will not be reflected in the daily price of the Fund and that investors may miss out on unrealised profits from underlying investments.

Exchange Traded Funds ("ETF") - The Fund may invest in Exchange Traded Funds. Exchange Traded Funds represent a basket of securities that are traded on an exchange and may not necessarily trade at the net asset value of their underlying holdings. As a result, they may trade at a price that is above or below the value of the underlying portfolio.

Tax Risk - The rates of, and any relief from, taxation may change over time. Tax information is set out later in this document. If you have any doubts about your tax position, you should seek professional advice.

Regular Savings Plan - If a Shareholder is making regular monthly investments in a Fund with a view to saving for a specific objective, they should regularly review whether these savings will be sufficient to achieve their objective. Shareholders may not achieve their objective if they do not continue to invest regularly with a sufficient amount or if the investment does not appreciate sufficiently.

Cancellation Rights - Where cancellation rights are applicable, if Shareholders choose to exercise their cancellation rights and the value of the investment falls before notice of cancellation is received by the ACD in writing, a full refund of the original investment may not be provided but rather the original amount less the fall in value.

Leverage - Leverage of the Company's assets is limited to the permanent borrowing referred to in section 24 (Borrowing powers and Leverage) of Appendix III (Investment and Borrowing Powers of the Company) in the Prospectus.

What limits apply to investing in the Funds?

The limits that apply to investment in all Funds are as follows:

Limits	A Class Income or Accumulation	B Class Income or Accumulation
Minimum initial investment	£1,000	£2,500,000
Minimum subsequent investment	£500	£35,000
Minimum holding	£1,000 £500	£35,000 £1,000
Regular Savings Plan	£50/month (minimum £50 per fund)	n/a

*Income shares are only available within the FP Verbatim Portfolio 5 Income Fund. All other Funds are accumulation shares only.

How do I buy/sell my investment?

General

The dealing office of the Administrator is normally open from 9am to 5pm (London time) on each Dealing Day to receive requests by post or fax on 0870 700 2305 for the purchase, sale, Conversion and Switching of shares. The Administrator may vary these times with the consent of the ACD. Requests to deal in shares may also be made by telephone on 01268 44 8632 each Dealing Day (at the ACD's discretion) between 9am and 5pm (UK time) or through such other number as published from time to time. The initial investment must, at the discretion of the ACD, be accompanied by an application form.

Valid instructions to the Administrator to buy or sell shares in a Fund will be processed at the share price calculated, based on the net asset value per share, at the next valuation point following receipt of the instruction. Please see the Prospectus for further details.

Buying shares

Shares may be bought directly from the ACD or through a professional adviser or other intermediary. Where permitted by the rules in the FCA Handbook, an intermediary who recommends an investment in the

Company to Shareholders may be entitled to receive commission from the ACD, which may include ongoing commission based on the value of shares held by a Shareholder. For details of dealing charges see the Prospectus for further details. Application forms may be obtained from the ACD.

Investors wishing to purchase Gross shares, where available, must complete a Declaration of Eligibility and Undertaking, which may be obtained from the ACD.

Valid applications to purchase shares in a Fund (received before the Cut Off Point, if appropriate) will be processed at the share price calculated, based on the Net Asset Value per share, at the next Valuation Point following receipt of the application, except in the case where dealing in a Fund has been suspended.

The ACD, at its discretion, has the right to cancel a purchase deal if settlement is materially overdue and any loss arising on such cancellation shall be the liability of the applicant. For postal applications payment in full must accompany the instruction. At the ACD's discretion, payment for large purchases of shares may be made by telegraphic transfer.

A purchase of shares in writing or by telephone or any other communication media made available is a legally binding contract. Applications to purchase, once made are, except in the case where cancellation rights are

applied, irrevocable. However, subject to its obligations under the Regulations, the ACD has the right to reject, on reasonable grounds relating to the circumstances of the applicant, any application for shares in whole or part, and in this event the ACD will return any money sent, or the balance of such monies, at the risk of the applicant.

Any subscription monies remaining after a whole number of shares have been issued will not be returned to the applicant. Instead, smaller denomination shares will be issued. A smaller denomination share is equivalent to one ten thousandth of a larger denomination share.

Applicants who have received advice may have the right to cancel their application to buy shares at any time during the 14 days after the date on which they receive a cancellation notice from the ACD. If an applicant decides to cancel the contract, and the value of the investment has fallen at the time the ACD receives the completed cancellation notice, they will not receive a full refund as an amount equal to any fall in value will be deducted from the sum originally invested. Investors who invest through the Regular Savings Plan will be entitled to receive back the full amount they invested if they cancel. The ACD may extend cancellation rights to other investors but is under no obligation to do so

A confirmation giving details of the number and price of shares bought will be issued no later than the end of the business day following the later of receipt of the application to buy shares and the Valuation Point by reference to which the price is determined, together with, where appropriate, a notice of the applicant's right to cancel.

Settlement is due within four business days of the Valuation Point. An order for the purchase of shares will only be deemed to have been accepted by the ACD once it is in receipt of cleared funds for the application. If settlement is not made within a reasonable period, then the ACD has the right to cancel any shares issued in respect of the application.

Share certificates will not be issued in respect of shares. Ownership of shares will be evidenced by an entry on the Register. Statements in respect of periodic distributions on shares will show the number of shares held by the recipient. The Company has the power to issue bearer shares but there are no present plans to do so.

Selling shares

Every Shareholder is entitled on any Dealing Day to redeem its shares, which shall be purchased by the ACD dealing as principal.

Valid instructions to the ACD to redeem shares in a Fund (received before the Cut Off Point, if appropriate) will be processed at the share price calculated, based on the Net Asset Value per share, at the next Valuation Point following receipt of the instruction, except in the case where dealing in a Fund has been suspended.

A redemption instruction in respect of shares in writing or by telephone or any other communication media made available is a legally binding contract. However, an instruction to the ACD to redeem shares, although irrevocable, may not be settled by either the Company or the ACD if the redemption represents shares where the money due on the earlier purchase of those shares has not yet been received or if insufficient documentation or anti-money laundering information has been received by the ACD.

A confirmation giving details of the number and price of shares redeemed will be sent to the redeeming Shareholder (or the first named Shareholder, in the case of joint Shareholders) together with (if sufficient written instructions have not already been given) a form of renunciation for completion and execution by the Shareholder (or, in the case of a joint holding, by all the joint Shareholders) no later than the end of the business day following the later of the request to redeem shares or the valuation point by reference to which the price is determined.

Payment of redemption proceeds will normally be made by cheque to the first named Shareholder (at their risk), or, at the ACD's discretion, via bank transfer in accordance with any instruction received (the ACD may recover any bank charge levied on such transfers). Instructions to make payments to third parties (other than intermediaries associated with the redemption) will not normally be accepted.

Such payment will be made within four business days of the later of (a) receipt by the ACD of the form of renunciation (or other sufficient written instructions) duly signed and completed by all the relevant Shareholders together with any other documentation and appropriate evidence of title, any required anti-money laundering related documentation, and (b) the

Valuation Point following receipt by the ACD of the request to redeem.

Can I convert my shares for another share Class in the same Fund?

Subject to any restrictions on the eligibility of investors for a particular share class, an investor may at any time Convert all or some of his shares (“Original shares”) of one Class in a Fund for shares in another Class (“New shares”) in the same Fund. There is no charge for Converting between share Classes.

Investors wishing to Convert into gross shares (if they are available) must first complete a Declaration of the Eligibility and Undertaking, which may be obtained from the ACD.

Can I Switch between the different Funds?

Subject to any restrictions on the eligibility of investors for a particular share Class, a Shareholder may at any time Switch all or some of his shares (“the Original shares”) for shares of another Fund (“the New shares”) in the Company. The ACD may at its discretion make a charge on the switching of shares between Funds. Any such charge on Switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original shares and any initial charge on the New shares, subject to certain waivers. A Switch of shares in one Fund for shares of any Class in any other Fund is treated as a redemption and purchase of New shares and will, for persons subject to taxation, be a realisation for the purposes of capital gains taxation.

Investors wishing to Switch into gross shares (if they are available) must first complete a Declaration of the

Eligibility and Undertaking which may be obtained from the ACD.

When will my investment be made?

Where an application or telephone instruction is received before 12 noon (UK time) on any business day, the investment will be made at the noon valuation point on that day, otherwise it is carried over to the next business day.

How can I keep track of the price of the Funds?

The previous day’s dealing prices of shares in the Funds are available at www.fundlistings.com or via a link at www.fundpartners.co.uk. The prices of shares may also be obtained by calling the ACD on 01268 44 8632 during the ACD’s normal business hours.

As the Funds deal on a forward pricing basis, the prices that appear in these sources will not be the same as those at which investors can currently deal.

Table of Accumulation and Distribution Dates

The ACD may also, at its sole discretion, decide to publish certain share prices on third party websites or publications but the ACD does not accept responsibility for the accuracy of the prices published by, or for the non-publication of prices by, these sources for reasons beyond the control of the ACD.

When are distributions of income made?

All of the Funds, with the exception of FP Verbatim Portfolio 5 Income Fund, have accumulation shares only and so do not pay income. Details of the distribution and accumulation dates are shown below on the following page.

Table of Accumulation and Distribution Dates

Fund	Final Accounting Date	Interim Accounting Dates	Ex-dividend Dates	Income Distribution/ Accumulation Dates
FP Verbatim Portfolio 3, 4, 5 Growth, 6 and 7 Funds	31 December	30 June	1 January	28 February
FP Verbatim Portfolio 5 Income Fund	31 December	30 June	1 January, 1 April, 1 July, 1 Oct	28 February, 31 May, 31 August, 30 November

Income will be distributed to holders of income shares who will receive a Distribution Statement giving details of the amount distributed during the relevant period.

Income will be accumulated in the price of accumulation shares and the share price will be increased to reflect this. Holders of accumulation shares will be sent an accumulation Statement giving details of the amount accumulated during the relevant period.

Charges & Expenses

What fees and expenses apply to the Fund's shares?

Fees paid directly by you:

- Initial Charge: 5%
- Switch Charge: Nil
- Redemption Charge: Nil

Fees paid out of a Fund's assets:

- Annual Management Charge (see tables below):

Fund	Share Class and Type	Annual Management Charge
FP Verbatim Portfolio 3, 4, 5 Growth, 6 and 7 Funds	A Accumulation Shares	1.40%
	B Accumulation Shares	0.65%

Fund	Share Class and Type	Annual Management Charge
FP Verbatim Portfolio 5 Income Fund	A Income Shares	1.40%
	B Income Shares	0.65%

- the Custodian's fees and expenses

- **the Investment Managers' fees**
- **Other fees and expenses related to the management and administration of the Fund for which the ACD is permitted to be reimbursed as detailed in the Prospectus (see section 7 "Fees and Expenses").**

How much will any advice cost?

Should you decide to take advice about the Fund your adviser will give you details about the cost. The amount will depend on the size of your investment and, in the case of regular savings, the period for which you make them.

How will charges and expenses affect my investment?

Shares in a Fund are purchased and sold at the Fund's share price based on net asset value. The initial charge paid as detailed above is deducted from an investor's subscription monies before shares are purchased. All fees and expenses for the FP Verbatim Portfolio 3, 4, 5 Growth, 6 and 7 Funds will be charged to the income of the fund, whilst for FP Verbatim Portfolio 5 Income Fund they will be charged to capital. Where fees are charged to capital this can constrain capital growth.

The possible effect of the charges and expenses on an investment are illustrated in the following table which has been put together in accordance with FCA regulatory guidelines.

These calculations are based on the assumption that the investment is growing at a rate of 4.5% per year for a direct investment and 5% per year for an ISA investment into Class A shares. All ACDs use the same rates of growth for illustrations but their charges vary.

These figures are not guaranteed and are only used to provide an illustration of the effect that expenses and charges may have on the growth of an investment. What you will get back will depend on how your investment grows. You could get more or less than the figures shown. Do not forget that inflation will reduce what you can buy in the future with the amount shown.

	10	£1,202	£1,201	£862	£1,201	£1,199	£1,200
This line shows that over 10 years the effect of total charges and expenses could amount to:		£351	£352	£300	£352	£354	£353
Putting it another way this would have the same effect as bringing investment growth from 4.5% a year down to:		1.8%	1.8%	2.2%	1.8%	1.8%	1.8%

What is the total expense ratio (“TER”)?

The TER is a measure used to show the annual operating expenses of the relevant Fund. The TER is the accepted standard used in the European Union for the comparison of these costs. Certain costs are excluded from the calculation of the TER. They include:

- The initial charge;
- Interest on borrowing ;
- Payments incurred due to financial derivative instruments;
- Entry/exit commissions or any fees paid directly by the investor; and
- Commission sharing arrangements.

Do you apply a dilution adjustment?

The actual cost of purchasing, selling or switching assets and investments in the Funds may deviate from the mid-market value used in calculating its share price, due to dealing charges, taxes, and any spread between buying and selling prices of that Fund's underlying investments. These costs could have an adverse effect on the value of the Funds, known as "dilution". In order to mitigate the effect of dilution the FCA Regulations which govern the Funds allow the ACD to adjust the sale and purchase price of shares in the Funds to take into account the possible effects of dilution. This practise is known as making a "dilution adjustment" or operating swinging single pricing. The power to make a dilution adjustment may only be exercised for the purpose of reducing dilution in the Funds.

The price of each Class of share in each Fund will be calculated separately but any dilution adjustment will in percentage terms affect the price of shares of each Class identically.

The ACD reserves the right to make a dilution adjustment every day. The dilution adjustment is calculated using the estimated dealing costs of a Fund's underlying investments and taking into consideration any dealing spreads, commission and transfer taxes. The need to make a dilution adjustment will depend on the difference between the value of shares being acquired and the value of shares being redeemed as a proportion of the total value of that Fund. The measurement period will typically be a single day but, where a trend develops so that for a number of days in a row there is a surplus of acquisitions or redemptions on each and every day, the aggregate effect of such acquisitions or redemptions as a proportion of the total relevant Fund value will be considered.

Where a Fund is experiencing net acquisitions of its shares the dilution adjustment would increase the price of shares above their mid-market value. Where a Fund is experiencing net redemptions the dilution adjustment would decrease the price of shares to below their mid-market value.

It is the ACD's policy to reserve the right to impose a dilution adjustment on purchases, sales and Switches of shares of whatever size and whenever made. In the event that a dilution adjustment is made it will be applied to all transactions in a Fund during the

relevant measurement period and all transactions during the relevant measurement period will be dealt on the same price inclusive of the dilution adjustment.

The ACD's decision on whether or not to make this adjustment, and at what level this adjustment might be made in a particular case or generally, will not prevent it from making a different decision on future similar transactions.

On the occasions when a dilution adjustment is not applied if a Fund is experiencing net acquisitions of shares or net redemptions there may be an adverse impact on the assets of that Fund attributable to each underlying share, although the ACD does not consider this to be likely to be material in relation to the potential future growth in value of a share. As dilution is directly related to the inflows and outflows of monies from a Fund it is not possible to accurately predict whether dilution will occur at any future point in time. Consequently it is also not possible to accurately predict how frequently the ACD will need to make a dilution adjustment.

The dilution adjustment will be applied to the mid price for the shares resulting in a figure calculated up to six decimal places. The final digit in this figure will then be rounded either up or down in accordance with standard mathematical principles resulting in the final price for the shares.

It is envisaged (based on future projections) that a dilution adjustment will be applied from time to time.

The dilution adjustment for any one Fund may vary over time because the dilution adjustment for each Fund will be calculated by reference to the costs of dealing in the underlying investments of that Fund, including any dealing spreads, and these can vary with market conditions. A typical dilution adjustment may range from 0.20% to 1.5% when buying or selling shares.

What is the Portfolio Turnover Rate ("PTR")?

The PTR shows the level of trading activity in the Company over the previous twelve months. The formula used to calculate the PTR is as follows:

$$\frac{(\text{purchases} + \text{sales}) - (\text{subscriptions} + \text{redemptions}) \times 100}{(\text{average Fund value over 12 months})}$$

The PTR for the Funds as at 31st December 2015 were as follows:

Fund	PTR
FP Verbatim Portfolio 3	35.82%
FP Verbatim Portfolio 4	0.00%
FP Verbatim Portfolio 5 Income	25.88%
FP Verbatim Portfolio 5 Growth	88.82%
FP Verbatim Portfolio 6	133.11%
FP Verbatim Portfolio 7	35.50%

Economic Information

What about tax?

The information below is a general guide based on current United Kingdom law and HM Revenue and Customs practice, which are subject to change. It summarises the tax position of the Funds and of investors who are United Kingdom resident and hold shares as investments. Prospective investors who are in any doubt about their tax position, or who may be subject to tax in a jurisdiction other than the United Kingdom, are recommended to take professional advice.

How are the Funds themselves treated for tax purposes?

Each Fund is treated as a separate entity for United Kingdom tax purposes.

The Funds are generally exempt from United Kingdom tax on capital gains realised on the disposal of investments (including interest-paying securities and derivatives) held within them.

Dividends from both United Kingdom and non-United Kingdom companies are received by a Fund with a tax credit and no further tax is payable by the Fund on that income. The Funds will each be subject to corporation tax at 20% on most other types of income but only after deducting allowable management expenses and the gross amount of any interest distributions. Where a Fund suffers foreign tax on

income received, this will normally be treated as an expense or deducted from any United Kingdom tax due payable on that income.

How does tax affect an investor?

For tax purposes, the FP Verbatim Portfolio 4, 5 Growth, 5 Income, 6 and 7 Funds respectively are 'Equity' Funds. The FP Verbatim Portfolio 3 Fund will be either a 'Bond' fund or an 'Equity' Fund depending on the balance of its investments in the relevant accounting period.

Income from "Bond" Funds

Funds which are so called "Bond" Funds for the purposes of tax currently pay interest distributions (which will be automatically retained in the case of accumulation shares).

Interest distributions will be paid with a 20% tax credit. United Kingdom individuals liable to income tax on savings income at the starting rate will be able to reclaim part of the tax credit from HM Revenue and Customs, while individuals liable to income tax at the basic rate will have no further liability to tax. Higher rate taxpayers will have to pay an additional amount of income tax, as will additional rate taxpayers. Non-taxpayers are entitled to reclaim the tax credits on interest distributions.

Income from "Equity" Funds

Funds which are so called "Equity" Funds for the purposes of tax will normally pay any distributable income as dividend distributions, (which will be automatically retained in a Fund in the case of accumulation shares). Dividend distributions will be paid with a 10% tax credit. United Kingdom resident individuals liable to income tax on income at the basic rate will have no further liability to tax. Higher rate taxpayers will have to pay an additional amount of income tax, as will additional rate taxpayers. Non-taxpayers may not reclaim the tax credits on dividend distributions.

Corporate investors who receive dividend distributions may have to divide them into two (in which case the division will be indicated on the tax voucher). Any part representing dividends received from a company will be treated as dividend income (that is, franked investment income) and no further tax will be due on it. The remainder will be received as an annual payment after deduction of income tax at

the basic rate, and corporate investors may, depending on their circumstances, be liable to tax on the grossed up amount, with the benefit of the 20% income tax credit attached or to reclaim part of the tax credit as shown on the tax voucher.

Gains

Investors who are resident in the United Kingdom for tax purposes may, depending on their personal circumstances, be liable to capital gains tax or, if a corporate investor, corporation tax on gains arising from the redemption, transfer or other disposal of shares (but not usually on Conversions between classes within a Fund).

Part of any increase in value of accumulation shares represents the accumulation of income (including income equalisation but excluding tax credit). These amounts may be added to the acquisition cost when calculating the capital gain realised on their disposal.

Client Money

Delivery versus payment (DVP) exemption

We are required to comply with the FCA's client money rules, as set out in Chapter 7 of the FCA's Client Assets sourcebook (CASS) (the 'Client Money Rules'). We are making use of the DVP exemption available under the Client Money Rules when handling money for you in connection with the buying or selling of units/shares in our funds. Under the DVP exemption your money need not be treated by us as client money for the purposes of the Client Money Rules in the following two scenarios:

(1) where money is received from you that relates to your subscription to units/shares in one of our funds; and

(2) where money is held by us that relates to the redemption of your units/shares in one of our funds.

While we are operating under the DVP exemption, your money will not be subject to the protections conferred by the Client Money Rules and, if we were to fail, the FCA's client money distribution rules as set out in Chapter 7A of CASS (the 'Client Money Distribution Rules') will not apply to these sums and you will not be entitled to share in any distribution under the Client Money Distribution Rules in respect of these sums.

Where we have not paid any money belonging to you to the trustee (in respect of a unit trust), the depositary (in respect of an OEIC) or to you, as the case may be, by

close of business on the business day following receipt, we will stop operating under the DVP exemption for that transaction and will treat the relevant sum of money as client money for the purposes of the Client Money Rules.

Any redemption proceeds paid to you by cheque will be held as client money under the Client Money Rules until such time as the cheque is presented.

By buying units/shares in one of our funds through us, you agree to our use of the DVP exemption as set out above. Should we cease at any time to make use of the DVP exemption, you will be notified in advance in writing.

Interest

We will not pay to you any interest earned on money we hold for you as client money under the Client Money Rules.

General Information

What other information can I access?

The annual short report of the Company will normally be sent to Shareholders within two months of each annual accounting period although the ACD reserves the right to despatch the annual report at a later date but not later than four months from the end of each annual accounting period end. The half-yearly (interim) short report will be despatched within two months of each interim accounting period end.

The short reports and a report containing the full accounts of the Company (the long report) are available to any person free of charge on request to the ACD.

The relevant accounting end dates are detailed in the "Investing in the Funds" section.

Manager's Reports and Funds' Prospectus

Copies of the Prospectus and the latest annual and half-yearly reports may be obtained free of charge, before or after you invest with the ACD, at the administration address quoted within the directory section on page 3. In addition the latest annual and half-yearly short reports may be downloaded from the ACD's website at www.fundpartners.co.uk.

Distance Marketing Directive

If an investor has not had a face to face discussion with

a representative of the company through which they are making this investment, which could, for example, be the ACD or a company providing financial advice, then the investor is entering into this transaction 'at a distance'.

In this situation an investor does not have a right to cancel this investment unless the ACD decides to extend such a right to them. An investor who has bought shares at a distance can still sell those shares, as they are able to do at any time. However, they cannot recover any initial charges incurred in the purchase of the shares.

This Simplified Prospectus contains all of the information required for an investment made directly through the ACD. Where shares are purchased through an agent, investors should ask that agent for details of their identity, geographical address and the capacity in which they are acting.

The main service we provide to investors is the management and administration of the Company. Details of all fees and expenses associated with the provision of this service are provided in this document. There are no additional costs levied by the ACD for investing at a distance, but there may be other taxes or third party costs that may apply to investors depending on their personal circumstances.

The investment contract between an investor and the ACD is governed by English Law and, by purchasing shares, the investor agrees that the Courts of England have exclusive jurisdiction to settle any disputes. All communications in connection with this investment will be in the English language.

Any information in this document is valid only at the date of publication which is stated on the front cover. All such information can change at any time and it will not necessarily be possible for us to notify you of any such changes in advance. Please contact the ACD for updates on any of the enclosed information.

Cancellation

An investor does not have the right to cancel their application to invest in a Fund if the application has been made directly by the investor or if the investor did not meet their adviser or agent face to face though the ACD may, at its discretion, extend cancellation rights to such an investor.

If an investor has received face to face advice on the investment they will have a right to change their mind under rules made by the FCA under the Financial Services and Markets Act 2000. The investor will be able to exercise the right to cancel within 14 days of receipt of the cancellation notice from the Administrator and they will receive a refund of the amount invested either in full or less a deduction to reflect any fall in the markets in the interim.

UK Money Laundering Regulations

In order to comply with the identification requirements of the UK Money Laundering Regulations, we may need to ask you to provide proof of your identity and address when buying or selling shares or to perform independent electronic searches of third-party databases supplying such information. Until satisfactory evidence has been received we reserve the right to refuse to pay the proceeds of a redemption of shares to you. Any such withheld proceeds will be held on a client money account; no interest will be payable.

Governing Law

The Company, the Instrument of Incorporation, this Prospectus and any matters arising out of or in connection with a Shareholder's investment in the Company and the establishment, management and administration of the Company shall be governed by and construed in accordance with the laws of England and Wales. The rights of the Shareholders and the construction and effect of the provisions of the Instrument of Incorporation and this Prospectus shall be subject to the exclusive jurisdiction of the courts of England and Wales.

Complaints

To obtain a copy of the Complaints Procedure or to make a complaint concerning the operation or marketing of the Company, please write to the Complaints Officer of the ACD at Fund Partners Limited – Verbatim Asset Management, PO Box 10631, Chelmsford CM99 2BB.

The complaints procedure can also be found on the "Verbatim Asset Management" page of the ACD's website at www.fundpartners.co.uk. If a complaint is not resolved to your satisfaction and you subsequently wish to take the matter further you may refer it direct to the Financial Ombudsman Service at South Quay Plaza, 183 Marsh Wall, London E14 9SR.

Compensation

In the event that the ACD is not able to meet its financial liabilities to the investor, the investor may be entitled to compensation under the Financial Services Compensation Scheme established under the Financial Services and Markets Act 2000. Most types of investment business are covered for 100% of the first £50,000. This level of compensation is set by the UK Government and can change. This is the maximum compensation available.

Data Protection: How we use your personal information

The way in which we may use your personal information is governed by the requirements of the Data Protection Act 1998 ("Act") and is called "personal data" under the Act. For the purposes of the Act, the data controller of any personal data provided to us in connection with your investments is Fund Partners Limited, which is registered under the Act for the purpose of processing personal data.

2. General

2.1 You should note that in accordance with the Rules, we categorise Investors as "Retail Clients". You will not receive unsolicited calls from us.

2.2 You should be aware of the nature and risks of investing in an ISA. Please see the Simplified Prospectus for more information on the Funds.

2.3 The Account will come into force subject to the Regulations and the provision of these Terms and Conditions on the date the Manager accepts your application.

2.4 These Terms and Conditions shall apply to all transactions between the Investor and the Manager and form the basis upon which the ISA will operate.

2.5 The Manager reserves the right to amend these Terms and Conditions, provided that such variation will not prejudice compliance with the Rules or the Regulations. Any such significant amendment will be notified to the Investor and will automatically take effect 30 calendar days later. We may vary these Terms and Conditions to reflect changes in the Rules or Regulations, without giving you prior notice.

2.6 The Manager will manage the ISA in accordance with the Regulations and will notify the Investor if the ISA has or will become void due to any failure to satisfy them. Should any provision of these Terms and Conditions be or become illegal, invalid or unenforceable under

any applicable law, neither the validity nor enforceability of the remaining provision in these Terms and Conditions will in any way be affected or impaired.

2.7 This ISA is not a stakeholder product (the minimum voluntary benchmark prescribed by HM Treasury).

2.8 You should note that your tax treatment in relation to any investments made under these Terms and Conditions will depend on your individual circumstances and may be subject to change in the future.

2.9 The Manager is authorised and regulated in the conduct of investment business by the Financial Conduct Authority (25 The North Colonnade, Canary Wharf, London E14 5HS, UK), FCA registration number 469278. You can check this by visiting the Register on the FCA's website (www.fca.org.uk/register) or by contacting the FCA on 0845 606 1234. We are approved by HM Revenue & Customs as an ISA Account Manager under the Regulations.

2.10 The Manager's registered address is at Cedar House, 3 Cedar Park, Cobham Road, Wimborne, BH21 7SB. Authorised and regulated by the Financial Conduct Authority and its website is www.fundpartners.co.uk.

3. Your Application

3.1 You can apply to subscribe to an ISA in either of the following ways:

(a) By completing our application form and returning it to us by post.

(b) By investing a lump sum by calling our dealers on 01268 44 8632. This service is only available to clients who can confirm that they have received the Simplified Prospectus pre-sale.

(c) If you apply by telephone, we will send you confirmation of the details you have provided and a copy of the declaration you have made under the Regulations once we have accepted your application. Once you have received this confirmation, you have 30 calendar days to tell us if any details are incorrect.

3.2 If you complete our written application form,

we will simply send you confirmation of your subscription once we have accepted it.

3.3 If you do not give us the complete information required under the Regulations at the time we receive your application form, then we cannot proceed with your ISA subscription and we will return your application to you for completion.

4. Acceptance

4.1 For new ISAs, the Manager can accept a correctly completed and signed application form only if accompanied by a valid cheque payable to Fund Partners Limited or, for those saving on a monthly basis, a valid and correctly completed direct debit mandate made payable to Fund Partners Limited. The Manager does not have to accept every application it receives.

For ISA transfers to the Manager:

4.2 A transfer will only take effect when the Manager has accepted the Investor's application. The Manager will not accept an application unless and until it has received a correctly completed transfer application form; and a cheque made payable to Fund Partners Limited from the investor's previous ISA manager.

4.3 When an Investor transfers from another ISA manager and the Investor has already subscribed in the current tax year, the Investor cannot subscribe further money into the Account with the Manager until after the transfer has been effected and provided the maximum contribution has not already been made.

5. Investment

5.1 The minimum investment permitted to open the ISA and the maximum amount that may be invested in the ISA in the tax year can be found on our Stocks and Shares ISA Application Form. The latest version of the application form can be found at www.fundpartners.co.uk under the relevant Sponsor name. The entire ISA tax allowance limit is able to be invested into a Stocks and Shares ISA or a Cash ISA, or any combination of the two, provided that you do

not pay in more than the overall ISA limit within the same tax year. The minimum sum that may be invested through the monthly savings plan is £100 per month. Collection date for regular savings is the 10th of the month or the next business day if the 10th falls on a non business day.

5.2 New subscriptions or transfer proceeds will be invested in the relevant Fund at the next buying price applicable at the time of acceptance of the application.

5.3 An Account will be opened for the current tax year and, in the case of an Account subscribed by monthly savings plan, for each successive year until the agreement is terminated.

6. Management of the ISA Investments

6.1 We will manage your Account as directed by you in your application or other instruction, and in accordance with the Regulations and these Terms and Conditions.

6.2 Best execution

6.2.1 We are required to seek to achieve the best possible result for you when dealing with any order to buy or sell financial instruments and to set out arrangements for this purpose in a “best execution policy”.

6.2.2 We are required to consider various factors when deciding how best to deal with orders from customers. These include price, cost, speed, likelihood of execution and settlement, size, nature and other relevant matters. As we have classified you as a Retail Client we will usually consider price to be the most important factor for you.

6.2.3 However, for orders relating to shares in the Funds, the only method available for dealing with most of these in practice is to transmit them to the ACD for execution: the ACD will be deemed to be the “execution venue” for these purposes. Where there is only one execution venue that we can use in practice to deal with your orders, we will have to use that venue regardless of the impact of the execution factors listed above.

6.2.4 Sometimes one of the Funds may be available via another trading platform provided by a third party. Strictly speaking, this could be an alternative execution venue. However, we do not use such platforms for the Funds, as we do not believe that we would obtain a better price by doing so. The use of a particular platform may also not be permissible under the Regulations; for example, if it means that investments acquired through the platform must be held in the name of a nominee of the platform provider.

6.2.5 The arrangements explained above may involve execution outside of a regulated market or multilateral trading facility (within the meaning of the Rules).

6.2.6 We will monitor the effectiveness of the arrangements mentioned above and implement any necessary changes to our best execution policy from time to time. This will involve reviewing whether using other means to route orders would be feasible and would generate a better result for you. We will notify you of any material changes to our best execution policy and arrangements made from time to time, where they are relevant to you.

6.2.7 Please note, any specific instructions from our customers as to how their orders are dealt with may prevent us from taking the steps that we have designed to obtain the best possible result in the circumstances.

By agreeing to these Terms and Conditions, you will be giving: your prior express consent to the execution of orders outside a “regulated market” or a “multilateral trading facility” (as those terms are defined in the Rules) where this is appropriate; and your consent to our best execution policy as summarised above.

6.3 Appropriateness

We are not required to assess the suitability of the investment or service provided or offered to you and, as a result, you will not benefit from the protection of the Rules on assessing suitability. Therefore, we will not assess whether: the investment or service meets your investment objectives; you are able financially to bear the

risk of any loss that the investment or service may cause; or you have the necessary knowledge and experience to understand the risks involved.

6.4 Legal title to the Investments will be vested in the name of the Manager but beneficial ownership will be, and will remain with the Investor. Your investment will not be lent to third parties or used as security for a loan.

6.5 Certificates will not be issued in respect of share holdings in the Fund(s) but any documents evidencing title to an ISA Investment will be held by the Manager or as the Manager may direct.

6.6 If you hold any cash in your Account, we will deposit it in a client money account in our name, with an appropriately regulated bank or institution of our choice in the United Kingdom in accordance with our obligations under the Rules. The bank will hold the cash on our behalf in a trust account separate to any account used to hold money belonging to us in our own right. We will not be responsible for any acts or omissions of the bank. In the event that the bank becomes insolvent we will have a claim on behalf of our customers against the bank. If, however, the bank cannot repay all of its creditors, any shortfall may have to be shared pro rata between them. No interest will be paid on such cash in accordance with the Regulations and the Rules. If we are holding cash, whether client money or not, we may withdraw it and apply it towards paying fees, charges and other sums due to us.

6.7 The Manager may employ agents in connection with the services it is to provide and may delegate all or any of its powers or duties to any delegate or delegates of its choice. The Manager will satisfy itself that any person to whom it may delegate any of its functions or responsibilities under these Terms and Conditions is competent to carry out these functions or responsibilities.

6.8 The Manager has appointed International Financial Data Services (UK) Limited as the Administrator to the Accounts.

6.9 Money will not be borrowed on the Investor's behalf. The Investor will not be committed to underwrite any issue or offer for sale of securities.

7. Charges and Expenses

7.1 No charges will be levied for the management or administration of the ISA. However, the investment of new subscriptions and transfer payments will attract the normal charges applicable to investors in the Fund. (For further detail please refer to the Simplified Prospectus).

7.2 There is currently an initial charge based on the Net Asset Value for purchases of shares in the Fund(s) and a percentage periodic charge per annum of the Net Asset Value of each Fund. These charges are detailed in the Simplified Prospectus and Prospectus. These charges may only be increased in accordance with the Rules and you will be notified accordingly.

7.3 In the case of transfers, we reserve the right to pass on to you any expenses or costs incurred when transferring Accounts between account managers or transferring your Investments, including any VAT due on these charges. We may review our charges when we consider it appropriate and will notify you 60 calendar days in advance of any increase in our charges.

7.4 If you do not have enough cash in your Account to pay our charges, or any payment of taxes, as they become due, we may sell shares in your Account to raise the required amount. We may apply or waive any of our charges at our absolute discretion.

7.5 If you open an Account through an independent financial adviser, we may pay initial and renewal commission to the adviser at our discretion. These commissions are paid by us out of our charges and do not constitute additional charges to your Account.

7.6 Please note that other costs, including taxes, may arise that are not paid by the Manager or imposed by it.

8. Withdrawals from your Account

8.1 An Investor may, by giving written notice to the Manager, make cash withdrawals of all or part of their Account at any time. On receipt of the Investor's written instructions to make a withdrawal and within such time as stipulated by the Investor in those withdrawal instructions (subject to any reasonable business period not exceeding 30 days, which we require for the practical implementation of the instructions) part of the Account shall be paid to the Investor. If an Investor withdraws all of his Investment his Account will be automatically terminated. This notice of withdrawal should be sent to the Administrator at the operating address given in the Prospectus.

8.2 Normally, shares in the Fund(s) will be sold at the next selling price prevailing at the time of receipt of the written notice by the ACD's Administrator, and the proceeds thereof will be dispatched within four working days following receipt of satisfactory renunciation.

9. Income from your Account

9.1 If you ask us to pay out your Fund income to you, we will buy income shares, if they are available, in the Fund(s) of your choice. If you ask us to reinvest your Fund income we will buy accumulation shares. Please refer to the Simplified Prospectus to confirm the availability of income shares and accumulation shares in your chosen Fund.

9.2 If you change your income instructions we will automatically convert or switch your Fund investments to the appropriate type of share if they are available (that is, income or accumulation shares) free of any sales charge.

9.3 We will reinvest any further income your Account receives in the form of distributions, or other rights or proceeds from any shares held, in the same underlying shares, where you still hold these shares, unless you instruct us to pay this out to you. Where you have switched the underlying shares into shares in other Funds the reinvestment will be made into these other shares. Where you no longer hold the underlying shares within your Account, the

income will be paid out to you.

10. Transfers and Termination

10.1 On your written request we will, within such time as stipulated by you in those instructions (subject to any reasonable business period not exceeding 30 days, which we require for the practical implementation of the instructions) arrange for the transfer of the ISA (or part thereof) to another approved manager and where possible within such time stipulated by you and subject to the Regulations. However, we cannot guarantee that the transfer will take place on the date requested.

10.2 The Manager may, following 30 days' prior written notice, transfer its responsibilities as manager of the ISA to any entity (including an associate of the Manager) which is approved under the Regulations as a plan manager, if that other entity writes to the Investor and undertakes to carry out all the Manager's duties and obligations in respect of an Account. Following such communication, the Manager will be released from all those duties and obligations that the new manager has undertaken to carry out. Before such a transfer is carried out, the Manager shall satisfy itself that any new manager is competent to carry out those functions and duties to be delegated or transferred.

10.3 The Manager will consider requests in writing to accept the transfer of an ISA held with another approved manager but will require the transfer to be effected in cash.

10.4 The Investor may terminate the ISA immediately by giving the Manager prior written notice. Such termination shall not prejudice the completion of any transaction commenced prior thereto. The Terms and Conditions shall continue to apply until all outstanding transactions and liabilities have been performed and discharged.

10.5 The Investor may in the termination notice (referred to in clause 10.3) elect to transfer all or part of the Investments to the main share register and such shares shall henceforth be

registered in the sole name of the Investor. On written notice to terminate the Account, and within such time as stipulated by the Investor in those termination instructions (subject to any reasonable business period not exceeding 30 days, which we require for the practical implementation of the instructions), Account interest and dividend rights or other proceeds or any cash shall be transferred to you. We will send you any proceeds due, less any applicable charges. Where all or part of the Investments are not transferred, they will be sold at the prevailing forward selling price at the time of receipt of the notice and the Manager shall account to the Investor for the proceeds.

10.6 Proceeds may be paid by cheque or, at your request, electronically; if the latter method is chosen we reserve the right to retain redemption proceeds until all anti-money laundering documentation has been received. Such redemption proceeds will be held on a client money account: no interest will be payable.

10.7 The Account may be terminated by the Manager, at its sole discretion and without giving any reason, by giving the Investor 90 days' written notice. In such circumstances you will have the right to transfer the Account to another plan manager or to receive the investments or their cash value at the relevant time. There is a potential loss of income and growth following a rise in the markets whilst the ISA transfer remains pending.

10.8 The Manager may deduct from the amount of any payment or transfer of Investments an amount to satisfy any sums due to him under these Terms and Conditions and tax liabilities of the Investor (or his personal representatives) for which the Manager is accountable.

11. Death

11.1 Investments cease to be tax-exempt with effect from the date of death of the Investor and the ISA will therefore be terminated immediately upon receipt of a copy of the death certificate.

11.2 The Investments will be transferred, outside the ISA, to the order of the Investor's personal representatives pending receipt of grant of probate and their further instructions. Notwithstanding the termination of the ISA status, the Manager's rights and powers under these Terms and Conditions shall continue and shall bind the Investor's personal representatives.

11.3 Where an ISA holder has died on, or after, 3rd December 2014, their surviving spouse or civil partner can now inherit their ISA tax benefits. The surviving spouse/civil partner will be eligible for an additional allowance equal to the value of the ISA on the date of the holder's death. This Additional Permitted Subscription (APS) is in addition to the surviving spouse/civil partner's usual ISA allowance. Details about how to claim the APS will be sent to the executor(s) along with the required application forms.

12. Reports and Shareholders' Meetings

12.1 The Manager shall send the Investor regular bi-annual statements showing the number of shares held, a valuation of those shares and details of all transactions for the period. The OEIC's Short Report will also be sent as and when applicable. Full Long Form Report and Financial Statements may be requested free of charge from the ACD.

12.2 Voting rights attached to Investments will not be exercised by the Manager but arrangements will be made by the Manager for the Investor, if he or she so wishes, to attend Shareholders' meetings, to vote and to receive any other relevant information issued to Shareholders in addition to the annual or interim reports in respect of the Funds.

13. Cancellation Rights

13.1 When your application has been accepted the Manager shall send to you a cancellation notice, as required by the Rules. In order to exercise the right of cancellation, the notice must be returned to the Manager within 14 days of its receipt. In such an event, the Investor will

receive back his or her subscription, unless the value of the investment has fallen at the date of the Manager's receipt of the notice. In this case a deduction will be made of the amount by which the value of the investment has fallen.

14. Complaints

14.1 The Manager operates a written complaints procedure in accordance with the Rules and a copy of this can be found on the ACD's website at www.fundpartners.co.uk or can be obtained by writing to the Complaints Manager at the address given below. Any complaint should in the first instance be addressed to the Complaints Manager at: Fund Partners Limited – Verbatim Asset Management, PO Box 10631, Chelmsford CM99 2BB.

If the matter is not resolved to the Investor's satisfaction, the Investor subsequently has the right to complain to the Financial Ombudsman Service at South Quay Plaza, 183 Marsh Wall, London E14 9SR.

15. Compensation

15.1 In the event that the ACD is not able to meet its financial liabilities to the Investor, the Investor may be entitled to compensation under the Financial Services Compensation Scheme established under the Financial Services and Markets Act 2000. Most types of investment business are covered for 100% of the first £50,000. This level of compensation is set out by the UK Government and can change. This is the maximum compensation available.

16. Liability and Rights of the Manager

16.1 We will not be liable to you for any costs, claims, demands, losses, expenses or any other liabilities whatsoever (including any demands or claims by HM Revenue & Customs) as a result of any loss of opportunity to increase the value of any of your Investments, or any depreciation in the value of any of your Investments other than as a result of our negligence, fraud, wilful default or breach of the Rules.

16.2 We will not be liable for acts or omissions

by us or any third party, whether or not that third party is acting as our agent, unless it arises as a result of our negligence, fraud, wilful default or breach of the Rules. We currently have insurance cover for loss of Account investments including loss resulting from misappropriation, negligence, fraud or dishonesty by our employees.

16.3 We will not be liable for any loss or damage suffered as a result of circumstances beyond our reasonable control, provided where relevant that we have complied with the Rules on business continuity. We will not be liable for any negligence, fraud or default by any bank or custodians who hold cash or assets in or on behalf of your Account or any other person, firm or company through or with whom transactions are effected on your behalf.

16.4 The Manager may, without prior notice to the Investor, apply any cash or realise any Investments in payment of any taxes, fees, commissions and/or expenses owed by the Investor to the Manager. In the event that such liabilities remain unsatisfied after such action, the Investor shall on demand promptly pay the Manager any shortfall.

16.5 The Investor shall indemnify the Manager in full in respect of any liabilities, taxes, costs, charges and expenses incurred in connection with the ISA.

16.6 To the extent permitted by the Regulations, the Manager may make claims, conduct appeals and agree on the Investor's behalf liabilities for, and any relief from, tax in respect of the ISA.

16.7 Nothing in these Terms and Conditions shall restrict the Manager's right to provide investment services to others.

17. Notices and Instructions

17.1 Notices and instructions to the Manager should be in writing and signed by the Investor. Such notices and instructions should be sent to the following address: Fund Partners Limited – Verbatim Asset Management, PO Box 10631, Chelmsford CM99 2BB.

17.2 Notices and other documents to be given to

the Investor will be posted to the Investor's last address held by the Manager and will be considered to have been received by the Investor two days after posting.

17.3 You must supply us with all information that we reasonably ask for, in relation to your Account. In particular, you must tell us promptly if you cease to be a Qualifying Individual, change your address, your personal status, your Financial Adviser, or other information you have given us in your Application or any other significant change in your circumstances which might affect your Account. You need to inform us of a change of address by signed, written instructions. You need to inform us of a change of name by signed, written instructions – including the original or certified copy of any legal documentation. If you are an ISA investor, you must write to tell us if you cease to be a Qualifying Individual.

18. Confidentiality

18.1 The Manager will not disclose confidential information obtained by it relating to the Investor, to any third party, except in the following circumstances:

- (a) the information is disclosed to any agent of the Manager who will be bound by the same duty of confidentiality;
- (b) when any transaction in the ISA is carried out through a Financial Adviser, the Manager will treat that adviser as the Investor's agent and may disclose full details of the ISA to each such agent and accept instructions from any such agent in respect of the ISA;
- (c) with the prior written consent of the Investor; and
- (d) where the Manager is under any legal or regulatory obligation to do so.

19. Conflict of Interest

19.1 When the Manager or Administrator provides services to you, the Manager or the Administrator (or associates of either) may have an interest or conflict of interest in relation to the transaction. In such circumstances, neither

parties (nor their associates) will be liable to account to you for any benefit, profit or commission or other remuneration made or received by reason of the transaction or any connected transaction. The circumstances in which conflicts of interest might arise include where we deal on your behalf with another company in the ACD's Group, where we act for other investors with an interest in such investments or where the transactions are in shares of a Fund for which the company in the ACD's Group is the adviser of the ACD.

19.2 Where a potential conflict arises, we are committed to managing these to prevent abuse and protect our employees, clients and other counterparties and to ensure that transactions and services are effected on terms which are not materially less favourable to the client had the potential conflict not existed. Further detail on our conflicts of interest policy is available on request.

19.3 We are required to identify, manage, record and, where relevant, disclose actual or potential conflicts of interest between us and our clients and between one client and another and to have a written policy in place.

20. Personal Data

For details please see the "Data Protection: How we use your personal information" section in the Simplified Prospectus.

21. English Law

21.1 We will always communicate with you in the English language. Your dealings with Fund Partners Limited before and after you have made an investment with us shall be governed in accordance with English Law.
