

SANDRINGHAM

FINANCIAL PARTNERS

Your Financial Partner for Life

Our Client Agreement
Mortgage & Protection

Our aim is to create a financial partnership for life, by delivering advice solutions that benefit you now and in the future.

The purpose of this document is to explain how Sandringham Financial Partners Ltd ('Sandringham') works and how we will work with you. We want to provide you with information about our business so that you know about the services we can offer.

Our regulator, the Financial Conduct Authority suggests that you use the information in this document to decide whether the services of the firm are right for you. Please take time to read it carefully. Your adviser will be able to explain anything about which you are unsure of.

This document also covers what you will pay for our services. It is very important to us that our fees and charges are transparent and fair based on the work we do. We will not charge you anything without your prior agreement. In this document we refer to our authorised financial advisers as 'Advising Partners'. We use this term to describe the partnership between our advisers and Sandringham. It underpins the pride we have in working together for the best possible client outcomes. We hope this sense of partnership will extend to your own relationship with your Sandringham Advising Partner.

This document includes all the information that you need to begin or continue a relationship with Sandringham Financial Partners Limited. If you would like to understand more about the services we offer please ask for a copy of our current Client and Investment brochures.

Our Partners are specialists in their field, and not every Partner can provide you will all types of advice. For example, Equity Release requires specific skills and qualifications. If for any reason your Partner doesn't have the specialism to assist you they will be able to introduce you to another Partner with the correct knowledge and technical qualifications to advise you.

The products and services we offer (mortgages and insurance)

We will classify you as a 'retail client' in all circumstances. Provision of services to any party who is not a retail client is not covered in this agreement.

The service we provide for mortgage advice:

For First Charge Mortgages

We provide advice and recommendation on your mortgage needs. We can also make the application to the lender with you.

Unlimited Range

- ✓ We offer a comprehensive range of mortgages from across the market, but not deals that you can only obtain by going direct to a lender
- ✓ We are not tied to any particular lender
- ✓ We do not offer advice on second charge mortgages

For Equity Release

We provide advice and recommendation on your equity release needs. We can also make the application to the lender with you.

Unlimited Range

- ✓ We offer a comprehensive range of lifetime mortgages from across the market, but not deals that you can only obtain by going direct to a lender
- ✓ We are not tied to any particular lender
- ✓ We do not offer advice on Home Reversion Plans

Our responsibility and your eligibility for a mortgage

Where we recommend a mortgage to you, and agree to apply to the lender, we will need to establish your financial circumstances in detail. This means that you will need to provide to us evidence relating to your income, expenses and liabilities and identity. If you are unable to evidence or explain any of these items we may cease to act for you without notice.

Interest-only mortgages

You will be required to evidence that you have a credible repayment strategy if we agree to apply for an interest only mortgage.

Second Charge mortgages

We do not offer advice on second charge mortgages or secured loans. We can refer you to a provider of second charge mortgage advice (a separate company to Sandringham) if we identify this as a need.

For Insurance Advice

- ✓ We provide advice on products from a range of insurers.

Sandringham is an intermediary for insurance business and we provide advice to you on insurance products. We act on your behalf when dealing with insurance companies.

Our relationship with mortgage lenders and insurance companies

Sandringham does not receive any financial support from any insurance company, fund manager or product provider. We do not receive a share of product costs or management charges from the products we recommend to you. We may receive payments from product providers, insurance companies or fund managers to reimburse the firm for the cost of providing training or facilities to our Advising Partners. No company is obliged to participate in these training activities. You may ask us for a list of the providers and payments we have received.

Our advice process

3 stages

There are 3 stages to the Sandringham Advice Process for mortgages, protection and insurance. Whether you are a new client, or you already enjoy a relationship with an Advising Partner, these key stages help you to understand the work we do to deliver the best possible advice.

Client Money

We do not handle client money. This means that you make investments or pay premiums directly to the company we recommend. To settle your professional fees, you can pay by cheque payable to 'Sandringham Financial Partners Ltd', by BACS or by debit card (over the telephone). A Sandringham Advising Partner will never ask you to settle fees to anyone other than Sandringham. We do not accept cash in any circumstances.

Stage 1 - Discovery & Assessment:

At this stage, we work with you to identify your needs and objectives. We will consider what policies or mortgages you already have in place and will help you to identify 'gaps'. We will also explain the advice process and how we charge for advice. We often provide this stage at our own cost to determine whether or not we can assist you. The presentation and explanation of this document is always carried out at our own cost.

Stage 2 - Research & Recommendations

Next, we will start the process towards creating and finding the right solutions for you. We will clearly explain each product in our recommendation. If you wish to proceed with all or some of our recommendations, you may be asked to sign an agreement or proposal forms. We will liaise with the providers and lenders we recommend to implement the advice upon which we have agreed.

We can provide advice on all areas of financial planning; however, we find that our advice is most effective when we agree to prioritise your needs. We will confirm to you in our 'Suitability Report' what your priorities are and when you receive focused advice. Where you are looking to increase or take out borrowing secured on your home, it may be that alternative finance options are available. This includes a further advance or a new first charge mortgage. This also includes options that we will not explore on your behalf; namely a second-charge mortgage and unsecured lending. These latter alternative finance options may be appropriate or even more appropriate than our final recommendation, however this will not form part of our research. You may wish to explore these options for yourself before proceeding. If you are thinking about taking out a retirement interest-only mortgage, a lifetime mortgage may be available and more appropriate. Please ask our Advising Partner if you wish us to consider a lifetime mortgage on your behalf.

Stage 3 - Implementation:

If you agree with our recommendations, we will organise the documentation needed to put your mortgage and/or insurance policies in place. We will liaise with the lenders and providers involved in our recommendation to ensure your plan is structured in just the way we have agreed.

You will receive policy documents or contract notes directly from the companies we have recommended.

How to pay for our services - Mortgages

A fee at outset (stage 1) / on recommendation (stage 2)

We may ask you to pay a fee at outset or upon recommendation. This fee covers stages 1 and 2 and you will be asked to pay the fee directly to Sandringham. If we don't progress with advice, we may offer a refund in some circumstances.

A fee on application/offer/completion

We can agree a fee when we make an application to the lender on your behalf (stage 3). Alternatively we can agree a fee that is due when you receive a mortgage offer, or when your mortgage completes. We will not refund fees at this stage.

In addition to any fees we charge to you, the lender will pay a commission based on the mortgage you obtain. This is shown in section 13 of your mortgage illustration (section 16 for Equity Release).

For mortgages, we will be paid a commission - example:

For a new mortgage of £100,000	The average commission would be £400.00
--------------------------------	---

For equity release, we will be paid a commission - example:

For a new mortgage of £100,000	The average commission would be £2,250.00
--------------------------------	---

How to pay for our services - Insurance

We will usually be paid a commission on completion for insurance (including financial protection) products.

You can ask us to refund the commission to reduce your premiums, and pay a fee to us directly. We cannot provide you with a refund of the commission in any circumstances.

For insurance, we can be paid by commission - example:

For a new life assurance policy, with a monthly premium of £25, payable for 25 years	The average commission would be £557.67
--	---

Some insurance products pay a small commission based on each premium you pay after an initial period. This is typically 2.5% of the monthly premium. As an example if the premium was £25 per month, Sandringham could receive £0.62 a month from the 49th month of the policy. Your premium will not alter due to this payment.

Quick Mortgage Calculator

Use these tables to obtain a quick reference of the repayments or effect of interest on your mortgage. Remember – these figures are just a guide. We will always provide you with an illustration when we recommend a mortgage to you, which will take into account your actual circumstances and all the costs and charges associated with it.
